Doctoral Researcher / PhD student / Scientific Staff

Job description:	The AIFB has initiated the EU-Project RENDER (www.render-project.eu) which aims to provide a comprehensive conceptual framework and technological infrastructure for enabling, supporting, managing and exploiting information diversity in Web-based environments. Among the project partners are Google, Wikipedia and Telefonica. Within this framework our team is inviting applications for a PhD researcher.
Qualification:	We seek a PhD researcher with a strong background in Computer Science and Engineering, Information Engineering and Management, Business Engineering, or equivalent qualifications, and focused research interest and expertise in at least one of the following areas: conceptual modeling, information retrieval, information management, semantic technologies, machine learning.
Salary:	The remuneration occurs on the basis of the wage agreement of the civil service in TV-L (E 13).
Institute:	Research Group Knowledge Management (http://www.aifb.uni-karlsruhe.de/WBS) at the Institute of Applied Informatics and Formal Description Methods (AIFB)
Contract duration:	2 years including a renewal option
Starting date:	As soon as possible
Application up to:	August 15, 2011
Contact person in line-management:	Dr. Elena Simperl (Elena.simperl@kit.edu)
Application:	Please send your application: preferably electronically as PDF to bewerbung-studer@aifb.uni-karlsruhe.de or to Karlsruhe Institute of Technology (KIT), Prof. Dr. Rudi Studer, Institute AIFB – 11.40, Englerstr.11, D-76131 Karlsruhe.
Karlsruher Institute of Technology Personalmanagement	KIT is pursuing a gender equality policy. Women are therefore particularly encouraged to apply. If qualified, handicapped applicants will be preferred.
